Contracts were drafted. Other then that I am not sure.

Based on the major pivot society has undergone, getting the needed sponsorship will prove to be very challenging. I'm currently working on a plan with a colleague and would love to update you Joella. If one thing is true about me- I am persistent about making this happen!

Hope you are both safe and well....

Good Morning. I am starting to circle back on some items as we hopefully are coming up for air soon.

Did we officially secure the \$33K for our PS Public Art program?

Thank you.
